Azure Virtual Desktop

Azure Virtual Desktop (AVD) is replacing VMware Horizon. Use your Rothman mail credentials for access.
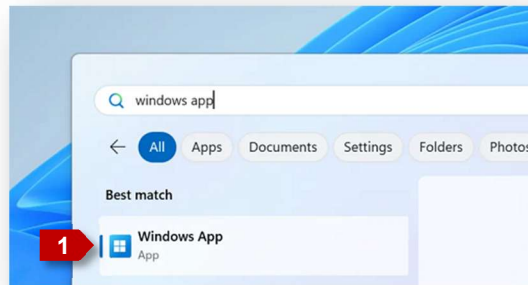

Launch the new Rothman Portal

1. **On a Rothman Device:**

   Launch the Windows App, which can be found on the Start menu.
   On a Personal Device:

   Visit the following page **https://windows.cloud.microsoft**

2. **Sign in:**

   Enter the same credentials you use for email:

   [UserID]@rothmanortho.com

3. Click to view **Apps**

4. Click to view **VDI**

   If you have been assigned a virtual Windows 11 desktop (VDI), you will find it under the **Devices** button.

5. **Install the App**

   (Optional) if you are using your own personal device and would like to install the Windows App, click **Download**
